

SUBWAYS TO BE BUILT IN NEWARK ELIMINATING THE DEADLY CROSSINGS

From First to Sixth Streets—Plans and
Estimates of Costs Have Been Sub-
mitted by Experts Who Have
Done Same Kind of Work
in Columbus

FEASIBILITY AND MODERATE COST IS ASSURED

The Estimate of Railroad Companies' Engineers Not
Yet Submitted, But May be Far in Excess of
the Necessary Amount to Complete the
Work as Planned—Present
Council Favors Project.

Probably the most extensive improvement to the city of Newark, as a whole, is that which has been launched and brought to a point, where it is no longer a mere idle dream of futurity but an imminent actuality, by the South Side Citizens Association, which, by the energy of those at its head, has not faltered at any time, until there are now working plans in existence, and there are only a few more steps to be taken until the hopes of those most interested will be realized in seeing the work completed.

This improvement consists of the elimination of all grade crossings within the central part of the city, that have so long been a menace to the life and limb of not only those living in South Newark, who daily have to cross the railroad tracks, but also to those who only occasionally have to visit that portion of the city.

The toll of death demanded by these crossings in the past years is appalling, and so long as they remain, this will not be decreased, but increased, and it was seen that by no dilly-dallying methods could their elimination be accomplished. The South Side Association took the matter up in council and began a vigorous campaign, which has resulted in matters having been brought to the point of the desired fruition.

The South Side Association appointed a committee some months ago, which went to Columbus and consulted City Civil Engineer Henry Maetzel of that city. At the expense of the Association, Engineer Maetzel and his assistant, R. H. Simpson, came over to Newark and were shown the situation as it existed. These men suggested the feasibility of doing away with the grade crossings by elevating the railroad tracks and constructing subways from First street to the Raccoon Creek.

These engineers have been engaged in doing the same work in Columbus, which is now almost completed, with the result that the railroad tracks in the entire west side of the city have been raised and the danger from these grade crossings forever eliminated from travel. The engineers looked over the ground and told the committee that the work was not only feasible, but comparatively easy and inexpensive—much more so than was the case in Columbus.

They were accordingly instructed to submit plans and estimates of cost for the Newark work, to be done along the same lines as that in Columbus, which have now been completed.

These plans were submitted to City Civil Engineer C. H. Wells of Newark, and after some few changes, were approved by him, and are now ready to be submitted to the council at the proper time.

In the meantime, the engineers of the railroads are working on plans of their own for the work, which are to be submitted to the present council by December 15. Recently, the Baltimore and Ohio Railroad, Company asked for an extension of time from the limit of December 15, for the submission of these plans. That is, they wanted

the South Side Association to acquiesce in this extension of time, so that they might ask the council for the extension, backed by this acquiescence. The Association could not see the necessity, however, of agreeing to such an extension, and it was not forthcoming. The members realized that the plans should receive the attention and either the approval or disapproval of the present council, which has been favorable to the project. (Continued on Page 2.)

grand jury, stated today that he would probably agree to this course. An outline of the proposed defense of Rev. Clarence V. T. Richeson made public today by a member of the prisoner's counsel reveals the fact that Richeson will deny emphatically that he ever purchased cyanide of potassium from Druggist Hahn. It was cyanide of potassium, which caused the death of Avis Linnell, for which Richeson is now being held. "We will produce at the trial," said the attorney, "letters which Miss Linnell wrote to Richeson, which prove in the girl's own words that Richeson was in no way responsible for her unfortunate physical condition."

FEDERAL JURY WANTS EVIDENCE

Indianapolis, Oct. 28.—The transfer of evidence now held by the Indiana court concerning the dynamiting charges pending against John J. McNamara, James E. McNamara and Artie McNamara, to the jurisdiction of the federal grand jury was asked here today by District Attorney Chas. W. Miller. The petition which was filed in the criminal court set forth that the federal jury will convene here next Tuesday to investigate the famous dynamiting case and that the information contained in the books and documents of the International Bridge and Structural Iron Workers is necessary to the jury's investigation.

HARRY DAVIS WILL MANAGE CLEVELAND CLUB

Cleveland, O., Oct. 28.—Harry Davis, first baseman of the champion Philadelphia team, arrived here yesterday, and immediately began negotiations with President Charles Somers looking toward his assuming the management of the Cleveland American League team in 1912. First Baseman George Stovall has been acting manager since last spring, when Manager James McGuire resigned.

No announcement as to the nature of the contract was made. It is understood, however, that Davis will have entire control of the club, including the purchase and trading of players.

OHIO EMBEZZLER ARRESTED IN TEXAS

Houston, Tex., Oct. 28.—Charged with embezzling \$75,000 from a bank in Valley, Ohio, C. A. Gunkleman left here today in charge of a U. S. marshal, Gov. Colquitt having signed the extradition papers last night. At the time of his arrest, Gunkleman was traveling with a woman said to be his niece, but who later claimed to be his wife.

PRESIDENT TAFT REPLIES TO CLAPP

Chicago, Oct. 28.—President Taft this afternoon made a direct reply to the speech of Senator Clapp of Minnesota, charging that his veto of the Arizona statehood measure was blackest tyranny. In a speech before the Chicago Bar association, the chief executive reiterated his attitude on the recall of judges and talked forcefully regarding his critics. "My veto of the judicial recall proposition," he said, "has been termed 'the blackest tyranny written in the history of a free people.' I know I have been guilty of many things but never thought I had done anything that could be characterized in those lurid terms."

OLD MAN BEGINS SEVENTH TERM IN PENITENTIARY

Columbus, Oct. 28.—"Boys, I am serving my last term. When the state lets me go this time it will be in a long pine box," said Edward Howell, who was admitted to the pen today to serve 10 years from Zanesville for throwing a stone through the window of a jewelry store and stealing \$400 worth of jewelry. Howell is 66 years old and is now beginning his seventh term. He just left the pen last May, when he finished a term from Licking county.

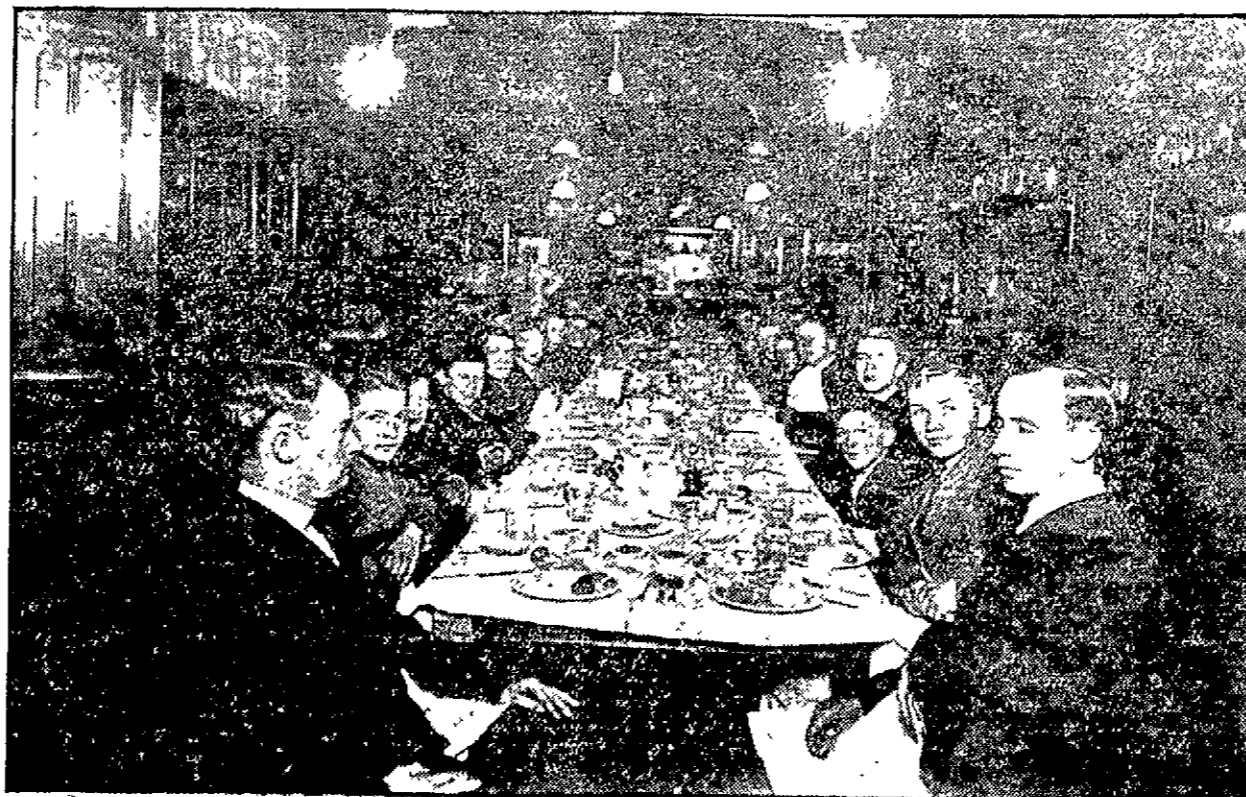

BIG BARN BURNED WITH HEAVY LOSS

Summit Station, Oct. 28.—The barn of Mr. J. W. Woodruff was destroyed on Thursday evening by fire. The building was filled with hay and farm implements and not a thing was saved. A large silo nearby was also destroyed. Mr. Woodruff has the building insured to the extent of \$1100, but the loss will far exceed the insurance. The Woodruff home which stands near the barn was threatened also, but betwee work saved it.

M'NAMARA CASE DEVELOPS TENSE FEELING BETWEEN TRIAL COURT AND COUNSEL

Los Angeles, Oct. 28.—It was evident when court convened in the McNamara trial today that feeling between counsel and the court is becoming more and more intense. Many things go to indicate that the defense's attorneys are laying the foundation for renewing their application for a change of judge. The court convened an hour earlier than usual today and the state immediately began trying by a series of questions to eliminate Juror Thomas J. Lee, who insists that he has no opinion in the case. He is an Irishman and a member of the Knights of Columbus in which Joseph Scott, one of the defense's attorneys, is very prominent.

ADVOCATE CARRIER BOYS

The Advocate entertained its forty carrier boys with a dinner at the Elks' Clubrooms last Tuesday night. During the festivities Mr. Charles Hempstead made a flashlight picture of the gathering. The two good-looking men in the foreground are Mr. Fred Cannon, circulation manager, and Mr. L. G. Graham, former circulation manager, who is now head bookkeeper for the Advocate.

PROPHECY

THAT SEVENTY PER CENT OF
COUNTIES WILL VOTE
WET

Made By Senator Thomas A. Dean.
Elections Held Today in Athens
and Meigs Counties.

Columbus, Oct. 28.—Senator Thomas A. Dean of Fremont made the prediction here Friday that 70 per cent of the counties which voted dry under the Rose county local option law three years ago will go wet in the elections to be held during the coming months. Three years of trial of the Rose law have shown beyond doubt that it is worthless, in the opinion of Senator Dean. He pointed to the results in Scioto and Lawrence counties as demonstrating this.

He called attention to the meeting held at Portsmouth early this week when it was reported that 7000 persons pledged that they would vote against the return of the saloon. Something like 5000 votes were polled in the whole county by the dries. "I think that these wet victories forecast the coming of the license system for Ohio," said Senator Dean. "This will be incorporated, no doubt, in the new constitution."

WETS ARE JUBILANT, DRYS DISCOURAGED

Pomeroy, O., Oct. 28.—It is impossible to forecast result in county option election held today, but it is believed that the results in Lawrence and Scioto counties will not be without effect here. The wets are jubilant and the drys discouraged. So far, though the feeling has been at high tension, there has been no trouble. The speaking campaign closed last night, but personal workers of both sides were active all day.

BOTH ARE CONFIDENT IN ATHENS COUNTY

Athens, Oct. 28.—Athens county voted today for the second time on county option under the Rose law. The wets declare they will be successful by a majority of 700. The drys, not discouraged by the loss of Scioto and Lawrence counties, are confident they will retain Athens in the temperance column. At the election three years ago the dry majority was 1414. The villages of Glouster and Buchtel were the only precincts voting wet.

JURY RETURNS VERDICT TODAY OF MANSLAUGHTER

Canton, Oct. 28.—After being out since 5 p. m. yesterday the jury in the case of Virgil Robert, 19, of Minerva, accused of murdering E. G. Elder, also of Minerva, returned a verdict of manslaughter this afternoon.

INDICTMENTS PROPOSED FOR TWO MAGNATES OF STEEL CORPORATION

By Texas Congressman, Who Suggests
That President Taft Can Thus Show
His Sincerity in Declaration

OF INTENTION TO ENFORCE LAW IMPARTIALLY

Steel Stock Was Football of the New York Stock
Market Saturday—President Gary Issues State-
ment—Bryan Expresses Views But Roosevelt is Silent—Special Prosecutor
Holds Conference With
President.

FACTS ABOUT THE UNITED STATES STEEL COMPANY.

The U. S. Steel corporation was chartered under the laws of New Jersey on Feb. 25, 1901. Its total capitalization then was \$1,402,000,000 (including bonds).

It is strictly a "holding company"—that is, it does not mine, manufacture, transport or sell; it simply owns the stock of its constituent companies.

Of the \$1,402,000,000 capitalization, \$510,000,000 was in preferred stock; \$508,000,000 in common stock; \$303,000,000 of corporation bonds and \$1,000,000 of underlying and miscellaneous obligations—a total of more than \$1,402,000,000. The commission to the Morgan syndicate, according to Commissioner of Corporations Herbert K. Smith, was \$62,050,000 in cash.

The steel corporation, according to Smith, showed a total investment in tangible property on Dec. 31, 1910, of \$1,187,000,000, as against outstanding securities of \$1,468,000,000 with \$281,000,000 water in the stock.

had or attempted to exercise a monopoly or to restrain trade.

"3. That the conduct of the affairs of the corporation has clearly and positively negated any effort or intention to violate any provision of the Sherman law."

"4. That the existence of the corporation has been of benefit and not of injury to its employees, its customers, its competitors and the general public."

"5. That no misrepresentations were made to the President relative to the Tennessee Coal and Iron properties, and that the motive of those connected with the purchase was to prevent a threatened general financial disaster, which would have adversely affected the corporation as well as others."

Other than this, no word came from Chairman Gary or any one of the corporation.

COL. ROOSEVELT SNAPPED TEETH AND KEPT QUIET

New York, Oct. 28.—Theodore Roosevelt flatly declined yesterday to make any comment on the Steel Trust suit. He greeted the interviewers smilingly, but to all their questions said repeatedly with his usual emphasis: "I have nothing to say."

"The petition sets forth you were deceived with regard to the Tennessee Coal and Iron company deal. Are you going to let them get away with that?"

"You can't charm me into saying one word," said Mr. Roosevelt, snapping his teeth.

BRYAN BELIEVES CRIMINAL ACTION SHOULD BE TAKEN

Norfolk, Neb., Oct. 28.—William Jennings Bryan last night declared he was glad to see the suit commenced against the United States Steel Corporation. He thought it should have commenced 10 years ago, but the fact that it is a suit in equity instead of a criminal process, he said, showed that either the President recognizes that the antitrust law is now worthless as a criminal law or that he does not want to punish big criminals. "I believe in criminal punishment of those who violate the antitrust law," said Mr. Bryan.

Parkersburg, W. Va., Oct. 28.—McClelland Morris, leading lawyer of Glenville, W. Va., who has been missing for the past two days, was found in the woods, a few miles back of this city today, a raving maniac. Morris is considered one of the best lawyers in the state, and overwork is attributed as the cause for his condition.

LETTERS TO ACCUSED MINISTER FROM WOMEN FRIENDS KEPT BY DEFENSE FROM THE GRAND JURY

Boston, Oct. 28.—Counsel for Rev. Clarence V. T. Richeson, the clergyman accused of the murder of Avis Linnell, succeeded Friday in defeating the plan of the prosecution to compel the defense to produce before the grand jury letters, photographs and other papers taken from the minister's room after his arrest.

Robert Burns, a private detective employed by the defense, who took the articles, has been subpoenaed to appear before the grand jury, but after a conference with Judge Sanderson, at which both sides were represented, the intention was apparently abandoned.

District Attorney Pelletier said afterward that Burns declared he had transferred them to the attorneys representing the defendant.

It is understood that the articles, upon which the prosecution places much importance, include letters

written to Richeson by women friends, including Miss Linnell.

The special session of the grand jury failed to complete the examination before adjournment was taken until Monday morning. It is probable, however, according to District Attorney Pelletier, that all the witnesses will have been heard by Monday evening.

Following the regular Friday evening prayer meeting an executive business session of Immanuel Baptist church in Cambridge was held to receive formally his letter requesting that the church defer action regarding his pastorate pending the report of the grand jury.

After considerable discussion Mr. Richeson's wish was granted.

To permit Congressman Robert O. Harris to act as chief counsel for the defense, Rev. Clarence V. T. Richeson probably will not be brought to trial before spring, if he is indicted. The district attorney in charge of the prosecution's presentation before the

and has already taken some action in the matter of bringing it to a focus. Now it is probably known to every one that the railroad companies must pay 65 per cent of the cost of these subways, while the city's share would be 35 per cent, and it is but reasonable to suppose that the companies would not be enthusiastic in forwarding the movement which would mean the outlay of a considerable amount of money on their part. It is possible that the railroad companies, in submitting the plans and estimates of costs prepared by their engineers, would make it appear that such cost to the city would be far out of proportion to the advantages derived by the city at large, and such may be the case, as it was at Columbus.

Now the present council, as well as the South Side Association, does not wish it to appear that they are in any way antagonistic to the railroads, but it must also be remembered that a condition is being dealt with and not a vague, impracticable theory, and the public should know the facts and be able to intelligently judge of the estimates of cost as submitted by the expert city civil engineers of Columbus, (who have done nearly a million dollars worth of exactly the same kind of work in that city) and any extravagant estimates that may be submitted to the Newark council by the railroad engineers, probably with a view of impressing upon the citizens that the cost would be too enormous to be assumed by the city.

This condition may not arise, but again, it may, and it is best to be prepared by figures and facts to form an intelligent judgment.

The city of Columbus confronted the same proposition exactly, and the fallacy of the railroads' extravagant estimates has been demonstrated to a pleased and satisfied public in that city.

Before the work there had gotten under way, the railroads gave an estimate of the cost at \$2,000,000, and as a matter of fact, it has been done for less than \$1,000,000, and ten per cent less than the estimate of Mr. Maetzel himself.

Now the estimates of cost, as submitted by Mr. Maetzel, are the maximum for all the work, and he is of opinion that instead of the cost being more, the work can probably be done for less than the figures show. As he is just now completing this kind of work for his city, and the work as planned in Newark is to be done upon the same basis, his figures bear the stamp of authority from experience, and are raised from the realm of guesswork or speculation to that of certainty.

These figures are appended in full, as submitted to the South Side Association:

AMUSEMENTS

What the Press Agent Says

ORPHEUM.

"A Lesson in Dancing," which will be presented by Davis and Walker in an eccentric dancing skit at the cozy Arcade theatre the first three days of next week, is positively known to be up to the minute, as Manager Bussell tells us that while playing the Keith time in vaudeville, he worked on the same bill with him and says they were the best and cleverest colored team on the road and were easily recognized as such. Mr. O. G. Murray, owner and lessee of the Orpheum has put forth every effort to secure this act for his larger houses, and it was only at a large expense that he was able to obtain them and then only for a very short time. The Newark patrons are very fortunate in being able to see them here. Bert and Emma Spears have an original oddity to offer which is said to be just as clever and pleasing as you'll find. They will render a conversational pantomime novelty in which nothing but their own compositions are used. The Three Walseys are said to be a very pleasing trio, which offers a new line of comedy acrobatic work. Every member of the act is reported to be a clever worker, working only to please and entertain. Cuba De Schen, the only living descendant of the Aztecs Indians, will offer a reproduction of her home on the reservation. She is said to have a remarkable voice which she uses in her many vocal selections. Her dancing is also very pleasing. Among her special stage settings and paraphernalia, are seen the skillful handiwork and relics of her ancestors. The Orpheumscope will have a feature film.

AUDITORIUM.

Himmelfein's Associate Players will close their engagement here tonight in the Russian melo drama, "A Neglected Wife," a play that is similar to "Madame X." It should prove a strong attraction and ought to pack the house. This play has never been seen here at any price. Miss Dainty will be seen in the title role and said to be one of her best parts.

"PECK'S BAD BOY."

"Peck's Bad Boy," which is to be presented at the Auditorium, Monday, Oct. 30, suits only under its own flag and true colors. It is not claimed for the attraction that it offers most artistically done, tragedy, grand opera, or society drama, nor even high-class comedy. The only claim is that the show creates laughter of the purely spontaneous sort, is pure, clean, and wholesome, and has a lasting benefit for those who see it without troubling them with any hard thinking. The play is so well known after its many years of success in this and every other country where the English language is spoken that there is little need of repeating its story. The principal character is a healthy, good-hearted American boy who is continually working off his superhuman energy by playing tricks upon those with whom he comes in contact. His father, his mother, and Shultz, the German greaser, are most frequently the butt of his harmless jokes. In many respects, the "Peck's Bad Boy" of the present season is a new "Peck's Bad Boy." While the same

A Poor Weak Woman

As she is termed, will endure bravely and patiently agonies which a strong man would give way under. The fact is women are more patient than they ought to be under such troubles.

Every woman ought to know that she may obtain the most experienced medical advice free of charge and in absolute confidence and privacy by writing to the World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for many years and has had a wider practical experience in the treatment of women's diseases than any other physician in this country. His medicines are world-famous for their astonishing efficacy.

The most perfect remedy ever devised for weak and delicate women is Dr. Pierce's Favorite Prescription.

IT MAKES WEAK WOMEN STRONG.

SICK WOMEN WELL.

The many and varied symptoms of woman's peculiar ailments are fully set forth in Plain English in the People's Medical Adviser (1068 pages), a newly revised and up-to-date Edition of which, cloth-bound, will be mailed free on receipt of 31 one-cent stamps to pay cost of mailing only. Address as above.

AND OLD-TIME
REMEDY THAT
DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready-to-use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical Company of New York put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today, and see what a few days' treatment will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

HEALTH HINT FOR TODAY.

Building Up the Neck.
Hollows of the neck may be filled out by using massage and drinking milk. A glass of warm milk taken on going to bed is one of the best flesh builders. Take the best quality of olive oil, moisten the skin over the hollows and massage gently with the finger tips, using a circular motion. Do this every night and morning. To improve a bony neck depress the chin on the chest. Stretch the head backward as far as possible, incline the head to the right and to the left alternately. Make the chin describe circles in the air. Breathe in and breathe out deeply.

Marion Swartz is not the mayoralty candidate of a faction of a party. Neither is he resorting to any game of double-cross to fool any portion of the people for votes. These facts are assurances that no faction will have power to handicap him or control his administration after he is elected. His candidacy stands for Greater Newark and he will be mayor for all the people.

Under the administration of the present "reform" mayor of Columbus, who is making a campaign of fanatical buncombe for re-election, two daylight hold-ups were made on the streets of the city Friday. Never was the capital of this great commonwealth brought into such a ridiculous reputation in the eyes of the people of other states as it has suffered from the incompetent administration of this man Marshall.

The State Tax Commission, created during a Democratic administration, has increased the tax valuation of the Toledo Railway and Light company \$6,000,000. Last year the valuation was but \$2,024,000. The increase is about 400 per cent.

This transaction shows how Republicans used the taxing power to get campaign contributions. The Toledo Railway and Light company operating in the home of Republican Boss Walter Brown, doubtless contributed a big check to each state

campaign, in return for being permitted to dodge taxes.
No one ever heard of a farmer or home owner, during Republican administrations, permitted to dodge his taxes.
But Democrats have stopped that. Now the big corporation is compelled to pay an equal share with the farmer and home owner.

By reason of its domination of the live animal killing of the country, the beef trust fixes the prices which are paid to the raisers of cattle, hogs and sheep. It can do this because there is but one real buyer on the markets, the representatives of the various companies making up the trust. For proof of this read the government report upon the industry. Originally a duty was placed on live animals to protect the men who raised these for the food market. The trust has grown so large that it is able to benevolently assimilate as much of this protection as it pleases. Calves carry a tariff tax of \$2 a head. In 1909 the trust handled at its fourteen packing houses in various parts of the country 900,000 calves. If it absorbed all of the protection this meant \$1,800,000. All cattle valued below \$14 a head carries a tariff duty of \$3.75 per head. Prime steers, which are included in the exceeding \$14 a head clause, carry a duty of 27 1-2 per cent. In 1909 the packers handled nearly 12,000,000 head, which meant \$45,000,000 if all the protection was absorbed. Thus it is seen that the beef trust in 1909, on calves and prime steers alone, was enabled to increase its revenue \$46,800,000 by the duty on these animals.

CHARLES W. SMITH

One of the most important offices to be filled at the coming general election is that of ward councilman, for upon their work depends principally the management of the city government and the many improvements that are called for in this progressive age of the city's history. It is absolutely necessary that capable and efficient men be elected to perform the duties of this office. Such a man the Democrats of the First ward present in the person of Mr. Charles W. Smith, who has the indications of being first class timber for the position. Mr. Smith formerly resided in Knox county, having lived in Liberty township and Mt. Vernon for many years, where he was highly respected by all who knew him, as is evidenced by the fact that when he was only twenty-two years old he was elected treasurer of the township.

Eleven years ago he moved with his family to Newark and located at 287 East Main street, in the East End, where he has lived ever since, successfully carrying on the business of a shoemaker.

Having never held an office of any kind in Newark or Licking county he has not needed to assume responsibilities of a political nature, but he has the full confidence of his neighbors and fellows. Mr. Smith possesses many qualifications of an unusual nature, and will make an excellent councilman, one that will represent his ward in a manner that will obtain results. He should be elected by a rousing majority and every voter of the First ward who votes for him will always feel proud of the fact that he helped by his vote to put the right man in the right place.

Speaking of family jars, marriage is a pottery.

Some people built in without any ifs or buts.

J. PHILIP BAKER

In the choice of candidates for municipal affairs at the primary election, the Democrats made no better nomination than that of J. Philip Baker to represent the large Third ward in the city council. He is a man who has a host of friends who will rally to his support on election day with the desire of seeing him sent to council by a majority that will be most pleasing to them and him.

This desire comes from conviction that he will make a valuable acquisition to that body, as he is in all ways well fitted to perform the duties of the position. He is a man of keen observation, and has a fund of good, hard common sense, upon which he draws in the transaction of all his own business, and will when he becomes a member of the law-making body of the city do the same thing.

Mr. Baker has lived in Newark all his life, and is at present as well qualified to look after the interests of the people of the Third ward as any man who lives within its confines.

The voters of the ward will see to it that they are represented by a councilman, who will at all times give attention to the needs of this part of the city, and will therefore elect Phil Baker for the place.

Journal's Centennial.

The Ohio State Journal celebrated its centennial by publishing a 68 page edition that was filled with interesting stories on Thursday.

Among the features of this record-breaking newspaper, was a concise, well written history of Ohio, the history of each of the 88 counties in the state and the story of the newspaperdom. Then there is a three column illustrated article on Granville and Denison University that is of local interest. The pictures of all of Ohio's governors are carried, sketches and pictures of Ohio's delegation in Congress are shown and one might go on and enumerate numerous other features that are of special interest. The State Journal is to be congratulated upon its successful career and the happy way in which it has called attention to the 100 years of its history.

THE BILL COLLECTOR.

When the bill collector calls on you in your marble halls, tell her that you're glad to see her, that you like to pay your bills; hand her out the shining seeds like a prince of genial lads, and you'll fill her gentle bosom with the sweetest kind of thrills. You may be a man of weight, you may be of high estate, you may have a thousand virtues of the most engaging sort, but you'll win an ugly fame, if you play the grouch's game, if you greet the bill collector with an angry roar and snarl. Wickedness my bosom fills, but I always pay my bills, and the girl collectors boast me till I have a fair renown; I am mean as all get out, but the blessed demure of my grace will pile up fame, if you want to win a name as the most amiable creature known outside the jasper walls, just dig up the most dazzling smile and disburse your little pile with a brave and buoyant manner when the bill collector calls.

INDIANA WILL GO DEMOCRATIC

The Philadelphia North American, Republican, sent its Washington correspondent, Angus McSwen, to Indiana to report impartially on conditions there. This is a part of the report he sent back to his paper:

"Indiana is hopelessly lost to President Taft and the Republicans. From no indications is it possible to reason that they will be as strong as they were in the last election, when they lost every congressional district but one, and control of the legislature. Since then the rapid development of progressive Republican sentiment into an open hostility to the Taft administration, and the reactionary policies which he advocates, make it obvious that with Taft as the Republican candidate again, the vote against him in this state will be overwhelming."

THE WAY THE WIND IS BLOWING

A canvass of Green county, Iowa, made by mail, may be accepted as a thermometer showing how the political wind is blowing in that section. One hundred and twenty letters were sent out to Republicans only, and ninety-seven answers were received. Some of the questions presented and the answers received are as follows:

- If Taft should be nominated, will you support him? Yes, 21; no, 64; blank, 12.
- Do you approve of the Payne-Aldrich bill? Yes, 12; no, 85.
- Do you approve of Taft's action in the Ballinger matter? Yes, 2; no, 91.
- Do you approve of the attack on Dr. Wiley? Yes, 3; no, 81.
- Do you approve of Taft's veto of the woolen schedule as passed by the last Congress? Yes, 18; no, 70.
- Do you believe the Taft administration favors the farmer and laborer or the trusts? Farmers, 6; trusts, 58.

Coshocton, Oct. 28.—Mrs. Philip Sedls was found dead in the kitchen of her home at Nellie by her husband. Death was due to heart trouble. The couple had been married but a short time. She leaves relatives in Coshocton and Knox Counties.

FULLINGTON'S FALSE FIGURES TO DECEIVE PEOPLE

Columbus, Oct. 28.—State Auditor Fullington, the only relic of the notorious Hanna-Guilbert, Republican machine in the State House, is using false figures and making unfair comparisons to deceive the people about the actual cost of the 1911 legislative session. Guilbert, former State Auditor, and McKinnon, former State Treasurer, while in office, devoted more time to political wire pulling than they did to the legal duties of their office, thereby contributing their share to Republican inefficiency, recklessness and extravagance that resulted in the state government being turned over to Democrats. State Auditor Fullington said the 1911 legislative session cost \$303,997.65; he also declared it was much more expensive than the 1910 session, the expenses of which he placed at \$278,232.61.

The fact is that Fullington figuring up the 1910 legislative expenses, which, by the way, was controlled by Republicans, included only the expenses of one year; while in making up the total cost of the 1911 session he included a part of the expenses of one year; while in making up the total cost of the 1911 session he included a part of the expenses of 1910, which were not paid until the present year, all the money paid out in 1911 on the legislative account and then for good measure he added about \$20,000 that he thought might be spent in 1912.

Ex-Speaker of the House, Granville W. Mooney, a Republican, had a voucher issued to him in 1910 for \$672.50 for mileage, but the ex-speaker carried the voucher until he thought everyone had forgotten about it and then in June, 1911, he cashed it. Although Mooney did not sit in the 1911 legislative session, Auditor Fullington added that \$672.50 to the expenses of the Democratic General Assembly.

The 1911 Democratic Assembly established a new record for economy. The actual expenditures being \$275,667.80 or \$3,000 less than those of 1910, although the 1911 session lasted twenty-five days longer.

The per diem expenses of several sessions were as follows:

| Session. | Diem. | Cost. |
|----------|----------|------------|
| 1902... | 127 days | \$2,331.72 |
| 1904... | 118 " | 2,497.07 |
| 1905... | 92 " | 3,054.23 |
| 1908... | 124 " | 2,475.11 |
| 1909... | 68 " | 3,454.71 |
| 1910... | 128 " | 2,173.69 |
| 1911... | 153 " | 1,986.52 |

Arrests Awful Tragedy.

Timely advice given Mrs. C. Wiltoughby of Marengo, Wis. (R.No. 1), prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50c. and \$1. Trial bottle free. Guaranteed by F. D. Hall.

CONFERENCE WITH PRESIDENT.
Chicago, Oct. 28.—Former Secretary of War Dickinson, who has been named as special prosecutor in the government suits against the Steel Trust, was in Chicago today. He held a long conference with President Taft regarding the suit this morning. Secretary of War Stimson and Postmaster General Hitchcock are expected to arrive before the president leaves.

BULLS BOOST STOCK.

New York, Oct. 28.—U. S. Steel Corporation stock was the market's football again today at the opening, but this time the men who have the destinies of the trust in their hands were in full control of the market. In an irregular market in which one of the first sales was 12,000 shares of the first sales, the bulls boosted the price of steel from the very start.

SUFFERED MANY YEARS RELIEVED BY PE-RU-NA.

Mrs. George Parker.

After Effect of Grip.

Mrs. C. S. Sagerser, 1227 Bellefontaine Ave., Kansas City, Mo., writes: "I feel it a duty due to you and to others that may be afflicted like myself, to speak for Peruna."

"My trouble first came after la-grippe eight or nine years ago, a gathering in my head and neuralgia, I suffered most all the time. My nose, ears and eyes were badly affected for the last two years. I think from your description of internal catarrh that I must have had that also. I suffered very severely."

"Nothing ever relieved me like Peruna. It keeps me from taking cold. With the exception of some deafness I am perfectly cured. I am forty-six years old. I feel that words are inadequate to express my praise for Peruna."

Colds and Catarrh.
Mrs. George Parker, 419 Water St., Menasha, Wis., writes: "We have used Peruna in our family for a number of years, and have found it a perfectly reliable medicine. It soon rids the system of any traces of a cold and prevents serious consequences."

"I began using it for Catarrh, which I suffered with a good many years, but had not been very serious until recently. Since I have taken Peruna, the dropping in my throat has discontinued, and my head and nose are not so stopped in the morning. I am pleased with the results and shall continue to use it until I am entirely rid of catarrh."

"I heartily recommend it as an honest medicine."

Halloween has lent an ardor to the planning of social events large and small and many are the attractive parties which have been given and which will be within the next few days. Especially pretty was the slumber party given the C. S. S. club by Mrs. David Thomas at her home, corner of Fifth and Church streets on Friday evening. The evening hours were merrily spent and at 10:30 o'clock a delicious Halloween supper was served in the dining room. The Thomas home presented a charming appearance with its decorations of corn and jack o' lanterns and from beneath myriads of autumn leaves witches peered forth.

On Saturday morning a course breakfast was served at nine o'clock and the tables presented a beautiful appearance with its jack o' lanterns and candles. Those in the party were Misses Katherine Sturgeon, Elizabeth Spencer, Lorene Coulter, Katherine Sachs, Frances Wilson, Katherine Cosgrove and Mary Elizabeth Miller.

Prof. and Mrs. T. Otto Williams will entertain a number of little folks this evening at their home with a Halloween party. The basement has been transformed to a veritable Halloween bower and here it is that the little ones will revel amid witches and pumpkin faces.

One of the delightful affairs of the week was a Halloween party given Friday evening at the home of Mrs. A. H. Brown, in Elmwood avenue. Pedro and five hundred were the games of the evening, and the house was beautifully decorated with Jack o' lanterns, cut flowers and ferns. Mrs. Brown was aided by Mrs. Zella Hersey and Miss Lydia Garrison in serving a five course lunch.

WONDERFUL CURE OF SCALP DISEASE

Hair Came Out in Patches, Goodhair Soap Brought Prompt Relief.

"I have had Eczema on my scalp for twenty years. Have doctored with several doctors, but with no permanent good results. The first time I used Goodhair Soap in my hair came out in patches as large as a silver half dollar. I was scared and thought I wouldn't have any hair left. I continued to use the soap, and lo and behold the dead hairs that had come away, I continued to use the soap, and now, after three months, all those bald spots are covered with a good growth. My hair is better than ever. I have no Eczema, and my scalp never itches."

Yours respectfully,
HENRY STEFTE,
Utica, Ohio.

"I have used Goodhair Soap for the cure of dandruff and falling hair. I think it an excellent article for the purpose intended."

DR. W. T. RANKIN,

Columbus, O.

"Have had an eruption of the scalp for the past 15 years. Have tried all the popular remedies, and have found no relief. I used Goodhair Soap and in a few days the eruption was cured. I consider it the best scalp and skin curative soap on the market."

Mrs. P. J. Glancy and Mrs. Agnew who represented the Coterie club at the Ohio State Federation of Women's clubs make very satisfactory reports. Delicious refreshments were served the members and the following guests: Mesdames T. Otto Williams, Cosway Varner, Merrill Marshall, S. Weekly, H. S. Barriek, J. H. Miller, Harr Mercer and Mrs. Alkire of Mt. Sterling and Mrs. August Payne of Zanesville.

The programs for the Monday Talk have been completed and are at the home of Mrs. Ernest Johnson, 40 Hudson avenue. The members can have the same by calling at Mrs. Johnson's home at their earliest convenience.

A brilliant gathering of fashionable folk marked the reception and dance given last evening in Gold hall by Mrs. Willis Bailey. The summer lights of the quiet old hall have gleamed on a fairer scene than that presented when the hundreds of guests were assembled. The wide stage was banked with palms and ferns, which formed a screen for the musician who, throughout the evening, presented a most delightful program.

The hours were from 8 to 1, and the first hour was devoted to the reception with the host and the hono guests in receiving line. Mrs. Willis Bailey wore a handsome gown of wisteria, trimmed with gold ornaments, and Mrs. James Bailey was gowned in white satin, with duchesse and rose point lace. From 9 to 11 with the exception of the supper hour the floor was filled with the dancers. Among the out of town guests were the Misses Grace and Bertha Fulton and Mr. Frederick Wright of Newark.—Zanesville Times-Recorder.

The time was very pleasantly spent in sewing and contests of which Mrs. Leon Wolfe and Miss Maude Parr won first prizes and Mrs. Arthur Sherman and Miss Maggie Taylor consolation prizes.

The most important feature of the afternoon was the miscellaneous shower given on the two brides, Mesdames Arthur and Walter Sherman, which they much appreciated.

After the meeting a delicious luncheon was served by the hostess to the following: Mesdames Fred C. Orr, VIII Beall, Leon Wolfe, Dora Dushimer, Edgar Taylor and Arthur Sherman, Misses Mae Stevens, Florence Beall, Esther Hartshorn, Helen Watson, Maude Parr, Lillian Hirst, Mabel Wolfe, Maggie Taylor, Lois Wolfe, Edna Wolfe, and Master Frederick Watson.

Among the foremost social events of the city are the receptions and socials given by the Young People's Society of the Fifth Street Baptist church in the church parlors. When these young people announce a social of any kind the public always know they may expect something new and entertaining. The next one will be a Halloween affair to be given next Tuesday evening, October 31. A short amusing program has been arranged. The parlors will be beautifully decorated in the autumn colors with leaves, corn, pumpkins; and delicious refreshments will be served in a very unique manner. Halloween games of all kinds will be a feature of the evening's enjoyment, and a good time is promised all who attend.

There will be a Halloween party given to the members of the Country Club at the Club House on Tuesday evening. The event will be marked by uniqueness and the members are all looking forward to this, the first party of its kind to be given at the club.

One of the merriest romps was enjoyed by a party of tiny tots Saturday afternoon when a surprise Halloween party was given on little Miss Katharine Elizabeth Miller at the home of Mrs. Abram Miller in West Church street. The Miller home was cleverly arranged with autumn leaves and jack o' lanterns and the afternoon was given to games in harmony with the party. A chestnut hunt was had and a very mysterious witch chanted the fortunes of the little guests. Then, all the children were lined up and a Halloween parade was had, each child being in grotesque costume.

A luncheon was served in the dining room and the table was arranged with the leaves and pumpkin faces, while clever Halloween novelties were given as favors.

The little guests were Marie Fulton, Martha Lee Smith, Winona Timberlake, Lena Steel, Virginia Klopp, Elizabeth Scott, Florence Thompson, Constance Doe, Emily and Marion Spencer, Esther Jones, Virginia Brown, Martha Bell and Frances Sprague and the little hostess.

Miss Kathryn Dold entertained on Friday evening at her home in Lawrence street the R. A. C. club. The game of the evening was Pedro and prizes were awarded. Mrs. Phil Trickey and Dr. Stevers of Marion, O. at a late hour a delicious supper was served in the dining room, the table being beautifully decorated with carnations and smilax. During the evening several selections were played by Miss Ethel Smith of Toledo, and Miss Mae Weaver of Columbus. The next meeting will be held at the home of Mrs. Phil Trickey in Lawrence street.

Daddy's Bedtime Story

The Little Gray People Who Live In the Treetops

The Squirrel Perched on the Pony Beside Her

"It's busy time in squirrel land now," remarked daddy as he glanced out at the old oak trees from which the acorns were gently pattering to the ground.

"We saw a squirrel take an acorn and run across into the grove with it," said Jack.

"Ah, did you?" replied daddy. "If you and Evelyn had followed the squirrel among the trees you would likely have seen him dart up the trunk and reel among the acorns into a hollow, where no doubt he has a little storehouse where he is laying by nuts for winter."

"What do squirrels eat?" Evelyn asked daddy.

"Well, any kind of nuts. The hickorynut, walnut, butternut, pignut, beechnut, chestnut and acorn are all good food for him. In the city parks, where squirrels are much fed by visitors, they learn to like peanuts."

"The squirrels in Central park, New York, are so tame that if you will stand perfectly still some of the little creatures will come and perch on your arms or shoulder waiting to be given something to eat. Many people come to see them and feed them nuts."

"I was told by one of the small boys who stood about watching the squirrels once that he had a pet among these squirrels that always came at his call. This little squirrel was fond of chocolate, and the little boy always brought it a piece of chocolate in his pocket. It was a cunning sight to see the little gray squirrel run up and perch on the boy's arm and then poke its sharp little nose into his pocket until it found the bit of sweets."

"While I stood there a little girl came jogging along the path on her pony. She stopped just underneath a big oak tree and gave a sharp low whistle. Up among the leaves there was a stir, and then, patter, patter, down the tree came among the little squirrels. He kept chattering as he ran as if to say: 'Now, please, a dear wait for me. I'm coming as fast as ever I can.' When the squirrel reached the path it ran nimbly up the pony's leg and sat down on the saddle beside the little girl. She held out her hand, and the squirrel daintily picked up bits of nut and nibbled them."

"When she had given him all her nuts the little squirrel turned about, jumped to the ground and was off in his tree again quick as a flash. If any one wants to know the squirrels let him go to any large public park, where they have been petted until they have lost their fear of man. With an open glass one can learn much about the squirrels in the treetops, now that the leaves are beginning to fall."

"I don't see how any one who knows these charming little gray creatures well can bear to go out into the woods and shoot them."

ADVICE TO THOSE OF BAGGY CHEEK AND CHIN

(From Pilgrim Magazine)
Let the woman whose cheek muscles are beginning to sag and who by the same token is acquiring a double chin, remember to keep her head up is the advice of a celebrated beauty expert. Let her bathe her face, neck and chin in a solution made by dissolving an ounce of saxolite in a half pint witch hazel. The result will surprise her, the lotion being so quickly effective. This treatment tightens and reduces skin and muscles, also strengthening and toning up the same.

Naturally the tightening effect disperses wrinkles and furrows. The lotion is very refreshing. Be sure to ask the druggist for the powdered saxolite.

Cupid Turns a Trick

By J. H. LARIMORE.

John Norton was positive that his daughter Elsie should never become the wife of Wilmer Preston, though she had answered Wilmer's question affirmatively. John didn't like Wilmer, chiefly because he and Wilmer's father had become enemies through a business transaction, and he declared the young Preston was exactly like his father and should never become a member of the Norton family.

That particular family consisted solely of Mr. Norton and Elsie. Mrs. Norton had been dead three years and Elsie had neither brothers nor sisters. Besides her father's aversion to Wilmer, he didn't care to have any young man take her away from him for several years to come, and he frankly told her so.

Elsie was forbidden to see Wilmer again, but was grudgingly given permission to send back his presents and write him a letter, telling of her father's preference. Fortunately, she was not compelled to show her father the contents of the letter, for it not only explained to Wilmer the fate that had been decreed, but also gave him some bright suggestions on how to avoid that fate.

One of the suggestions was that Wilmer should write her a letter, to be shown her father, in which he was to announce that he had gone to Chicago to open up a law office, whereas, in sober truth, he was to go to Toledo and engage in the grain business, the same line her father was in. Another was that she and Wilmer should adopt a telegraph code, which might serve a good purpose later, as one of her duties at her father's office was to open the old gentleman's telegrams, sort them out and get them ready for him to answer.

Of course, this meant fibbing on the part of Wilmer and Elsie, but they excused it on the ground that "all's fair in love and war."

About a week after Wilmer went away Elsie found her father to be in rare good nature, pleased with a big deal he had made. So she made bold to suggest to him that if, perchance, Wilmer should turn out to be a better financier than her father had supposed him to be, and if he should show more acumen than the old gentleman believed him to possess, mightn't there be some chance after all?

The old man's face darkened at the mention of Wilmer's name, but he answered: "I'll tell you what I am willing to do. If that young fellow can successfully catch me in some deal, that is shrewd enough for me to fall into. I'll let him. I'll do even more than that—I'll make him a partner. But I know he can't do it, so I'm safe in making you the concession."

Elsie thanked him dutifully. Wilmer's grain business had been designated the Acme Grain Company, and already Elsie's father had received telegrams bearing that signature. To the old man they meant simply business, to Elsie they meant news from her lover.

One day Wilmer sent a wire which meant that all plans were arranged for the grand coup. To Mr. Norton it meant the shipment of a carload of corn.

The next day came a letter from the Acme Grain company, advising Mr. Norton that the concern was about to close up. The letter said that as Mr. Norton had been one of its best creditors, the company wanted him to come up and help close up the business. The company had been given rather liberal credit, as it had been a prompt payer, and now was on Norton's books for \$7500. Norton was alarmed at the possibility of suffering a loss, but he was also mystified at the unusual request, made by a failing firm, that one of its creditors come up and help close up the business. Then he was thoroughly surprised and genuinely angry when he saw the name signed at the bottom of the letter was that of Wilmer Preston, manager.

Then he spoke to Elsie, but that young woman refrained from telling an actual fib and only answered: "Strange, isn't it, papa?"

Norton thought the matter over and finally concluded to go to Toledo the next day. He wired the Acme Grain company to that effect and was advised by wire that he would be met at the station by one of the officers of the company in an automobile. Norton took the 7:45 train the next day. Of course he was entirely ignorant of the fact that Elsie was to follow on the 8:40. But she had her plans fully made.

The 7:45 train arrived in Toledo on time and Norton was met at the station by a pleasant-faced man with a big red touring car. He assisted Mr. Norton into the auto, cranked up the machine, and they were off. Norton was a stranger in Toledo and depended on the stranger, who said his name was Capper, to take him straight to the offices of the Acme Grain company. Such a thought was not in Mr. Capper's mind, however, and, with the remark that the offices were pretty well out of the business district, he put on extra speed and started in the opposite direction. Mr. Norton thought the machine was going at rather a rapid rate, and said so. But Capper thought not, and so on they sped. When they had reached a street which was well occupied with street cars, wagons, buggies and pedestrians, Capper gave a yell and put on more speed. As was to have been expected, a copper put the occupants of the machine under arrest.

Of course Capper parleyed with the officer, but there was no use in talking. Mr. Norton was indignant and protested that he was the innocent party, but the cop told him that orders were orders, and he had been ordered to send in any and all occupants of autos that were exceeding the speed limit. Mr. Norton might tell his troubles to the police judge, the cop suggested.

So down to the station house they went. Both were charged with speeding. Mr. Norton and Capper were not locked up, but were held in the corridor until arrangements could be made for bail. Capper suggested that they telephone for Preston, but was told by Norton that he, Norton, would not in a cell before he would ask that young whelp's aid. Then Capper suddenly found that he could put up a cash bail for himself, but didn't have enough money to secure Mr. Norton's release.

Norton began to bethink himself of his Toledo customers, other than the Acme Grain company. He called one man on the telephone, but he was out of town. Then he called another, but the line was busy and he was compelled to wait. He had not with him sufficient money to bail himself out and the clerk refused to take a personal check. Finally he was successful in calling up a man he knew. The man promised to come to his aid.

All of this, of course, took time. The 8:40, on which Elsie came, was a little faster than the train her father used, as it made fewer stops; consequently she was in Toledo only 30 minutes behind her father. She, too, was met at the train by a man in an auto. The man was Wilmer Preston. Unlike Capper, he drove his machine directly to the chosen destination, which was the home of Rev. Dr. Westminster, and 15 minutes afterward the couple emerged from the pastor's home as Mr. and Mrs. Preston. Then they drove to the police station, having been advised by telephone at Dr. Westminster's of the arrest.

At the police station they found Mr. Jones, friend of Mr. Norton, signing a bond for the release of Mr. Norton. Norton almost had apoplexy as he saw Elsie, and especially as Preston was with her. He had a second attack when Preston and Mrs. Preston quietly informed him that they had just been married.

"You know, papa, you said if Wilmer could outwit you you'd forgive him. I guess he's done it."

Then there was a confession of double-dealing and fibbing that had been going on. All this was listened to by the police judge, who, it happened, had just been married. He was in a kindly frame of mind, therefore, and bade Mr. Norton go free or the speeding charge, also advising him that he forgave the young couple and forgot their duplicity.

Norton would not promise until he had gone to the bottom of the grain company transaction. He then learned that the company was in good shape. Wilmer had a little money of his own, and had associated with him several other men of means. The letter, he said, was all right, as the company did intend to wind up its affairs, at least so far as he was concerned. They had plenty of money to pay Mr. Norton, if he would go to the office. But Wilmer was going to leave the company, having sold his holdings to the other partners, and he wanted Mr. Norton to help make the invoice. Mr. Capper, who had cleverly pulled off the speeding, which resulted in the arrest, was one of the partners.

Norton also learned that his money was paying for the double-worded telegrams which Elsie had been sending to the Acme Grain Company.

"But why sell out here?" asked the father-in-law, after he had calmed down a bit. "Isn't this business good enough?"

"Dandy," answered Wilmer, "but the fact is, you need me in your office. Elsie is my wife now, and I'll have to take her place in your office. Besides, you'll acknowledge now, I think, that I'm a valuable man, inasmuch as I've beaten you in a nice game. Furthermore, I guess I have a right to help take care of my property."

"Your property?" gasped Norton. "Yes," said Preston, "mine. You see, the stock which Elsie had in your grain company, she sold to me this morning. Then, yesterday I bought the 20 shares which S. J. Morgan holds, so now, I own 19 per cent and you 51."

The 6:29 train took them all back to their home city, and the next morning found father-in-law and son-in-law at work together in the offices of the Norton Grain company.

Coshocton, Oct. 28.—Because the management of "Barriers Burned Away," a melodrama cancelled a contract to appear at the East Liverpool theatre of the Ed L. Moore Syndicate a writ of attachment was issued here Thursday night against the company in a damage suit. The company paid the claim of \$30 rather than stay in Coshocton and fight the case. Coshocton people who saw the production assert that East Liverpool was lucky in having the contract cancelled.

The people who get left are not apt to believe in the doctrine of the survival of the fittest.

HOW TO SAFELY
PEEL YOUR FACE.

(From Beauty Culture.) If you have a muddy, sallow or blotchy complexion, the most sensible thing to do is to remove it—rather than to patch it over or "doctor" it with any cosmetic, rouge or lotion. The only way to really remove the complexion—aside from resorting to an expensive surgical operation—is by means of ordinary mercurized wax. Spread the wax over the face, as you would cold cream, washing it off in the morning. This gradually absorbs the lifeless and the half dead outer skin, in minute, almost invisible particles—and gradually the fresh young skin beneath beams forth. Then you have a clear, smooth, velvety, healthy faced complexion, such as no unnatural method can possibly produce. Surface defects due to weather, ill health or the ravages of time, of course disappear with the discarded skin. Ask the druggist for an ounce of pure mercurized wax; this is usually sufficient.

There is a difference between hoping for the best and really expecting it.

NEWARK HIGH SCHOOL NOTES

Miss Allen is to have a paper at the Central Ohio Teachers' Association which meets in Cincinnati November 10 and 11. Her subject is "Some Prime Objects in the Teaching of Civics." We have no doubt that in our school of whom we are justly proud, and to whom people far and wide in our great land are glad to listen.

Dr. John Davison, superintendent of schools at Lima, Ohio, addressed the school at chapel yesterday morning. He told of having written Dr. Henry Van Dyke several years ago, asking him to give in a few lines what he should give if he were speaking day after day to audiences of young people. This was his message:

Four things a man must learn to do, if he would make his record true. To think without confusion clearly. To love his fellowmen sincerely. To act from honest motives purely. To trust in God and Heaven severely.

Seldom does a lecturer get at the hearts of the students as Dr. Davison does. Such a speaker drives away every unworthy thought from one's soul and lifts in the sunshine of the big happy world. Mr. Barnes well expressed the appreciation of the teachers and pupils at the close of the exercises. Supt. Hawkins urged the students to attend Dr. Davison's address at the Teachers' Institute in the afternoon.

On account of the Teachers' Institute yesterday afternoon school was dismissed.

Mr. and Mrs. Beatty left Friday to attend the funeral of Mrs. Beatty's father.

Mr. Vernon has submitted the question for the annual triangular debate this year. It is, "Resolved, that each state in the union should enact laws establishing compulsory arbitration in labor disputes, constitutionally granted." Mr. Patterson has begun operations already. There are busy times ahead for the contestants on our team.

The new song books have arrived and under the able leadership of Mr. Klopp, the school endeavorers to fill the auditorium with sweet strains. It adds much to the chapel service.

A new drum has been purchased for our orchestra out of the lecture course funds. It already has a bass viol. Thus the high school has quite a nucleus for a fine collection of instruments.

Mr. Stinson is busy caring at the new cement. His thought and aim is always high.

A stock of supplies has been procured for use in emergency cases. If a boy or girl becomes ill in school, or in any way is injured at laboratory, manual training or domestic science work, or in fact any place, he or she will be given immediate aid under the supervision of the preceptor or preceptors.

Rev. Miller, the Revell's hustling business manager, is out casting his net for advertisements.

Three new typewriters have been added to the commercial department. Newark High is always on the forward march.

HEALTHY MOTHERS

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

REBELS ROUTED IN BIG BATTLE

According to Wireless Message From China's Imperial Forces, Picked Up By Warships.

Shanghai, Oct. 28.—German warships have been picked up wireless messages sent from the imperial forces at Hankow, declaring that a decisive battle had been fought near Hankow and that the rebels were completely routed and driven across the river Han with great loss. According to the messages the battle raged all day yesterday. No confirmation has been received, and owing to the fact that the dispatches came from the imperial commander, foreign residents here believe that they are greatly exaggerated.

PRESIDENT TAFT IS DISFRANCHISED IN CITY ELECTION

Chicago, Oct. 28.—Delay in registration has disfranchised President Taft from the municipal election in Cincinnati next month, at which time the president had made elaborate plans to return to his home and cast his ballot. A further extension of the president's trip was decided on here today. From Morgantown, W. Va., the president will go to Washington and then proceed northward to New York, where on Nov. 2 he will review the naval mobilization. He will then go to Hot Springs to rest and from there visit Ohio, Kentucky and Tennessee.

INDIGESTION AND STOMACH TROUBLE ENDS

If you had some Diapiesin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or has like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapiesin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases of Pape's Diapiesin contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disturbance.

Destroys Liquor Craving.

Drunkenness is a progressive disease; the moderate drinker is not satisfied with two or three drinks a day; the craving for more and more becomes irresistible as the disease advances. The result is Chronic Alcoholism. The treatment used successfully by thousands right in their own homes is Ointment No. 1. It is sold with the understanding that if it does not benefit after a trial, we refund our money.

Ointment No. 1 is the secret remedy. Ointment No. 2 is for those willing to take the treatment. Either form costs \$1.00. If you are interested come in and we'll gladly tell you about the good Ointment is doing. Ask for free booklet, Frank D. Hall, 10 North Side Square.
